MICROSOFT CLOUD BENEFITS

WHY YOU NEED MICROSOFT DYNAMICS 365 BUSINESS CENTRAL

CLOUD-BASED

- No on-premises hardware, infrastructure, system support or disaster recovery requirement
- Consistent experience across all devices (laptop, tablet, phone)
- ·Enables remote working without VPNs, Citrix, Terminal Services
- ·Regular updates. No more lengthy and painful upgrade projects
- A single login for the entire Microsoft Eco System (Dynamics & Office 365, Power BI, Power Query, PowerApps)

FUNCTIONALITY

- Vast depth and breadth of functionality with Essentials License
- $ 50 per user per month
- Flexible and easily adaptable to your requirements
- Integration with Outlook will allow users to access financial data and complete certain tasks without having to leave Outlook
- ·Easy to create workflows to ensure you comply with necessary controls and business processes
- Audit trails and enterprise-level security

SOFTWARE AS A SERVICE (SAAS) LICENSING

- Software as a Service (Saas) licensing
- No upfront license investment costs
- No hardware or infrastructure costs
- Patches, upgrades, and hotfixes all included in monthly subscription pricing
- Pay as you go for what you need – easily increase or decrease your license volumes
- One of the most secure options for your valuable data
- Fantastic value licensing models (Team Member License $ 8 per user per month)

LATEST TECHNOLOGY

Cloud based

- Integration with full Microsoft suite
- Over $3.5M a year investment from Microsoft
- Based on tried and tested Microsoft Dynamics NAV which has 140,000 customers worldwide
- Dynamics 365 delivers industry-leading security measures and privacy policies to safeguard customer data
- Dynamics 365 products address the requirements of the General Data Protection Regulation (GDPR) adopted by the European Union (EU).
